What is CAB?

Purpose:

CAB is a group of consumers that have lived experience of mental illness and/or substance use issues that gathers every month to discuss ways to make Beacon Mental Health a more friendly and a trauma free environment so that we can give consumers a better experience.

CAB meets quarterly and provides feedback about Beacon Mental Health processes, procedures, issues with accessibility, environmental concerns, what outcomes the agency should be tracking, and privacy issues. CAB also provides input on documents and forms that are distributed to and utilized by consumers.

Who can join:

Anyone who has participated in services at Beacon. We welcome all clients to attend and provide input to improve our services.
